Kit	Additional information	Tick list
Outdoor fieldwork clothing – 2 sets	You come to school in one set of outdoor clothing and you need to carry a complete change of outdoor clothing in your daysack/small rucksack. I suggest you put them inside a plastic bag inside your daysack to keep them dry.	
2 long sleeved tops or base layers	You may want a T-shirt too if the weather remains warm.	
2 Warm sweaters/hoodies	Essential	
2 Pairs warm trousers (joggers and/or leggings are good)	Jeans are no good during the day as they become cold when wet. (Jeans are fine for evening time back at the centre – see below)	
Warm gloves and woolly hat	You bring these in case they are needed for the Dartmoor day. I do have some spares I can lend to you – email me to ask	
At least 2 pairs of thick socks (in case one pair get)	On two days you are in wellies, sometimes standing in cold water. Warm socks are essential as cold feet make you miserable.	
Waterproof jacket	Your fee includes using the centre's waterproofs and wellingtons but you may prefer your own. Name all items that you bring. Walking boots are useful but <u>not</u> essential.
